### 2. Задание 2 № 16

Прочитайте текст вслух. У вас есть полторы минуты на подготовку и полторы минуты, чтобы прочитать текст вслух.

A recent study shows that some male cockatoos create their own musical tools for drumming. The drumming and rhythm seem to be an extra component made to impress the ladies. Each bird has its own distinct style. Other animals (e.g. frogs and birds) use drumming and music to communicate as well, but cockatoos can drum at a steady rhythm, with a totally unique style, for up to half an hour — which takes quite a bit of practice.

Moreover, plenty of animals use tools, but far fewer make those tools themselves.

Among humans, a regular beat is associated with group-based activity, especially dancing. As for the cockatoos, drumming with a regular beat is a done solo.

This text deals with ...

1. Out-of-town shopping.
2. Bargain hunters.
3. The best shopping street.
4. A convenient way of paying.
5. Internet shopping.
6. The key to success.

A. Mary has already started doing her Christmas shopping on-line. She usually spends about £300 on presents and pays for them on her debit card. She is buying food from supermarket shopping services and has ordered books and CDs from on-line bookshops. Buying on-line saves her a lot of money, and it's a lot nicer staying at home than having to go out in the High Street.

B. A recent survey has shown that the busiest shopping street in the world is in Warsaw. It's called Nowy Swiat, which means New World. An incredible 15,000 Poles walk down this main street every hour. It is a lovely place to shop. It is now possible to buy almost everything in Warsaw. There are a lot of shops from the West, but the interesting thing is that Polish manufacturers are now producing high quality goods.

C. Many small street and corner shops are closing because people prefer to drive to shopping complex outside town. There they can park their cars without any problems and do all their shopping in one place. In a British shopping complex, you usually find a supermarket, a branch of most of the chain-stores, some smaller shops, and a few cafes. Most of the new shopping complexes are built near big roads.

D. Mail-order shopping has become very popular because it saves time. Shoppers use credit cards to pay for something over the telephone after they have seen it advertised in a mail-order catalogue, on TV, or in a newspaper or magazine. A number of mail-order companies accept phone orders twenty-four hours a day and most have toll-free numbers.

E. Many Americans like sales. They shop at stores that sell goods at a discount. An item on sale can cost as little as half the normal price. Sales are advertised in newspapers, on radio on TV, or by mail. Stores compete with each other by reducing their prices and staying open in the evening. Many are open seven days a week and sometimes until 10.00 at night.
