The Ancient Egyptian pyramids are some of the most impressive structures ever built by human. Many of the pyramids are still present today for us to see and explore.

The pyramids were built as burial places to the Pharaohs. As part of their religion, the Egyptians believed that the Pharaoh needed certain things to take with him in the afterlife.

Deep inside the pyramids lays the Pharaoh's burial chamber which would be filled with treasure and various items for the Pharaoh to use in the afterlife. The walls were often covered with carvings and paintings. Near the Pharaoh's chamber would be other rooms where family members and servants were buried. There were often smaller rooms that acted as temples and larger rooms for storage. Narrow passageways led to the outside.
